

BPCA-VT

BUILDING PERFORMANCE CONTRACTORS' ASSOCIATION of Vermont

draft **BPCA-VT Mission**

Promote and develop energy efficiency standards and advance the building performance industry in Vermont.

draft **BPCA-VT Goals**

- To be a collaborative voice for building performance professionals in the State of Vermont.
- Represent both commercial and social concerns before the Vermont legislature, state agencies, Efficiency Vermont and throughout the state.
- To proactively advocate for policies that will support a self-sustaining market for building performance.
- Uphold and develop best practice standards, promote holistic building analysis.
- Provide an opportunity for collaboration among energy professionals.
- Promote awareness of the benefits of building performance.
- Create resources for information and education.
- Support resource conservation and renewable energy.
